IN SEARCH OF EXCELLENCE

Abeking & Rasmussen and Winch Design take the wow factor to the next level with this recently launched superyacht

“Extraordinary” was part of the owners’ brief to Winch Design at the outset of this project. The recent launch at Abeking & Rasmussen affords a glimpse into the final result. Newly named *Excellence*, the 262ft gleaming white yacht with a thin reverse bow connects guests with their environment through a superstructure made mostly of glass. Curved mirrored panels, the largest nearly 20 feet long, envelop the owners’ private deck. Concealed within is a large beach club, a pool, limo tenders and an interior the design studio describes as “a fitting match for the iconic exterior.” Following sea trials that will fine-tune all systems, including zero-speed stabilizers, *Excellence* will be handed over to her experienced owner before appearing at the Monaco Yacht Show. abeking.com
